Higher Scores in  
State Math,  
Science and  
Language Tests**

Study finds link between music instruction and academic achievement as measured by statewide standardized tests

A recent study explored the relationship of instrumental music instruction and academic achievement for the senior class of Lee County High School in Leesburg, Georgia. Significant correlations were found between the number of years of band instruction and higher academic achievement as measured by the Georgia High School Graduation Test (GHSGT) Mathematics and Science exams.
